Warehousing Tips

How difficult can that be ?

INDIGO
intelligent supply chain solutions

Actually Almost ! Impossible

Warehousing Tips

- Communication
- Process
- Structure
- Discipline
- Monitoring
- In other words this is not just about the software

Warehousing Tips

- Rotation dates
- Putaway rules.
- Commit rules
- Settings and the menus in Interactive
- Sales Order Process
- Replenishment
- Manufacturing

Warehousing Tips

Additional Assistance ?

- Look at the Allocation Time fence in OP
- For goods not in the building Force allocate and then cross dock the delivery when it arrives
- Co-Locate the Customer service and Logistics operations

What's New in Warehousing ?

Warehousing Tips

During the past twelve months we have seen increasing use of :

- Stockless Operations using cross docking
- An increasing use of NA and VNA Racking configurations
- Banzai VAS (Stickering, Pack configurations, Labels)
- JIT or JTL Manufacturing – End of Line Production
